DANISH PV

Full Stack Developer

danish.pv999@gmail.com | 7994890820 | Kerala, India | Portfolio | LinkedIn | GitHub

PROFILE

Full Stack Developer with 2+ years of professional experience building and shipping production web applications across ERP, e-commerce, booking, education, and real-time tracking domains. Skilled in Next.js, React.js, Node.js, NestJS, TypeScript, PostgreSQL, MongoDB, REST APIs, and WebSockets, with experience across development, deployment, and production support. **Fast learner with a strong ability to quickly adapt to new technologies, frameworks, tools, and unfamiliar technology stacks.**

SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Redux, Zustand, Tailwind CSS, HTML5, CSS3
Backend: Node.js, NestJS, Express.js, Hono.js, REST APIs, WebSocket, Socket.IO
Database: PostgreSQL, MongoDB, Prisma ORM, Mongoose
Authentication & Security: JWT, OAuth, OTP Authentication, RBAC
Cloud & Deployment: AWS, Vercel, Render, Railway, Docker
Tools & DevOps: Git, GitHub, Postman, Axios, CI/CD

PROFESSIONAL EXPERIENCE

Full Stack Developer 05/2025 – Present | Calicut , India
Shahi Solutions

- Own end-to-end development of production full-stack applications, covering requirements, architecture, implementation, deployment, and production support.
- Build responsive frontend interfaces and scalable backend services using Next.js, Node.js, Express.js, and MongoDB, with secure REST API integration.
- Lead feature development and production optimization across multi-role business workflows, focusing on performance, reliability, scalability, and data consistency.

MERN Stack Developer 06/2024 – 04/2025 | Manjeri , India
BridgeOn Solution

- Developed and shipped full-stack job portal and educational platforms using React.js, Next.js, Node.js, and MongoDB in an Agile development environment.
- Implemented secure REST APIs, authentication and authorization using JWT, OAuth, OTP verification, and RBAC, along with real-time features using Socket.IO.

PROJECTS

Emarath ERP – Enterprise Resource Planning Platform
Full-Stack ERP System | Live Business Application
Tech: Next.js, NestJS, PostgreSQL, Prisma ORM, and TypeScript.

- Developing a full-scale ERP platform that centralizes CRM, lead management, business operations, reporting, communication, and administrative workflows into a single scalable system.

FleetTrack – Real-Time Vehicle Tracking Platform
Real-Time Fleet Management Platform | Live Business Application
Tech: Next.js, NestJS, PostgreSQL, Prisma ORM, Socket.IO, Docker.

- Developed a real-time fleet management platform with live vehicle monitoring, responsive map-based dashboards, scalable REST APIs, and WebSocket-powered real-time updates for efficient fleet operations.

Fetch Kids – Customizable E-Commerce Platform
Customizable E-Commerce Platform | School & Student Products
Tech: Next.js, Node.js, Express.js, MongoDB, Tailwind CSS

- Developed a full-featured e-commerce platform for customizable school and student products, with an integrated admin panel for managing products, customized orders, order processing, and delivery workflows.

EDUCATION

B.Com (Computer Applications), University of Calicut
